2010 Electrical Requirements

In order to accommodate a balanced electrical load in the building, please provide us with details on your expected electrical requirements. Booth assignments and request approvals will be based on these requirements.

Booths are limited to 500 Watts (4 amps); however, depending on the needs of their neighboring booths, some exhibitors will be permitted to exceed these limitations. Any exhibitor requiring 10 amps or more are limited to Booths #1-12 only.

Note: This form must be returned with your booth application before a booth assignment will be made.

Power connections are provided at no charge to all EGCR exhibitors
